

## Introduction

### Speculation

The fourth generation of this branch of William's family lacks complete documentation. Joseph is named in his will and Samuel is named in the distribution. Samuel's course from North Carolina to Alabama is clear, but the names of his wife and children are not known.

The records in Marion County, Alabama were burned in 1866 and 1883, those in Franklin County in 1890.

Three children of Samuel are named: Lewis, Edith and William. Proof anyone?

A name followed by ????? indicates insufficient documentation.
